- b. A clarification on extended hoses for dispensing. Whether the distances apply to property lines, or just combustibles.
 - c. Clarification on when engineered drawings, stamps, etc. will be required.
- 6. Presentation to the Board by Deputy State Fire Marshal Boyd Cook on foundation requirements for LP Gas tanks – seeking direction from the board based upon staff recommendations. Continued from last meeting.
- 7. Presentation to the Board by Chief Deputy State Fire Marshal Ted Black concerning the follow up information the office has about non-certified tanks currently in use.
- 8. Old Business: On-line Testing update.
- 9. New Business
- 10. Next meeting date and time: June 13, 2014
